MEMORANDUM FOR: Special Assistant, DD/S&T

ATTENTION :

[]

25X1A

SUBJECT :

Flight Tests for Project []

25X1A

1. This is to advise that OSA considers it feasible to support Project [] with high altitude aircraft available from U-2 OSA assets or from Air Force U-2 assets at Edwards, whichever is available.

25X1A

2. It will be necessary to provide the airframe contractor with system drawings and tech data to design and fit into the U-2 aircraft. Coordination with airframe contractor should be conducted through the Materiel Division/OSA.

3. Flight lines and test requirements are to be provided to OSA so that appropriate flight schedules and plans may be developed.
